Students Name: _____ Class: _____

Dear Parent's,

Greetings From Mount Litera Zee School, Goa

This is an humble request from the school management to all the parents who escort their children to school in the morning and in afternoon, to refrain from turning their four wheelers in front of Gate No:2 which is the main gate of the school . We have appointed guards/security to guide the parent vehicles/school buses/private vans in order to avoid any untoward incidents. Please abide by the instructions/guidance given by the guards as they have been instructed by school authorities to do so. You are also requested to avoid usage of negative statements/remarks in front of the students as it sets a very wrong example for the young minds that are still blooming as they fail to analyze any situation.
